PARENT JOB DESCRIPTIONS

Meet position sign-ups are strictly on a "First Come, First Serve" basis.

Many people are surprised when they hear that it takes 63 parents to run a home swim meet. Swimming requires active participation by the parents. Swim meets are very labor intensive and simply can't be run without the majority of parents assisting at some stage during the swim meet. Therefore, we require some form of help from every family for the meets. There are a wide variety of opportunities available to you. Please take a few minutes to consider what position and where you will fit in best on "our" team.

Working at a swim meet can seem intimidating if you are new to competitive swimming. We provide on-the-job training for all positions, as well as no-charge clinics for Stroke & Turn Judge Officiating and Computer Operations.

Our coaching staff works hard at making sure your swimmer gets the best program for them and in striving to create a great place for these swimmers to be.

Meets are generally held weekdays: 8-12pm with setup at 6:30am. We are looking forward to another great swim season this summer.
